Beverage Packages

Here at Stillwaters Restaurant we do our best to be flexible in all aspects of your function or wedding. This is why our beverage packages, you'll find, are quite versatile and we are sure there will be one to suite your needs.

At Stillwaters we have a wide selection of alcohol (both imported and local) from beers to wines and spirits. For a comprehensive copy of our beverage list please don't hesitate to ask our staff.

There is also the option of an open bar. There are two types of an open bar. The first gives you the option of putting an amount of money on the bar and as the night progresses you will be updated as to how much bar credit you have left. The second is the option of paying as you drink. So the bar operates as a regular bar. If choosing the open bar you will need to arrange an appointment with the manager for you to allocate your preferred beverages for the function.
